Download Printer Driver Now!

Black Ice Software released a **new and improved Document Converter Configuration Manager (DCCM)** for Administrators now available in version 15.03 of the Black Ice Printer Drivers!

In the newly released DCCM, Administrators can now customize the Tabs of the Printing Preferences! For Example; Administrators can either hide or show the Upload to FTP, Email Sending, HTTP Upload, SharePoint Upload features and the Tooltips, for specific user(s) or user group(s).

The new DCCM provides **much more control** over the Printer Driver features, and **greatly simplifies the Printer Driver configuration** for specific user(s) or user group(s) on Windows Servers, Active Directory environments or on Citrix systems.

The new Document Converter Configuration Manager can greatly simplify the Printer Driver configuration **for large enterprises with hundreds of computers**, since Administrators can now change and apply the printer settings with **only a few clicks** and users do not have to log off and log back in on the computer, the **changes take effect immediately!**
